

# SEPTEMBER 2019 LA MONTE R-IV

## STUDENTS OF THE MONTH

**Preschool - Easton is great at being a buddy and a helper to other students. He was very helpful with a friend going to lunch. He has been a great helper, especially with another friend in the class.**

**Kindergarten - Ethan went above and beyond in his principal store meeting. Ethan went up to a friend at recess sitting on the steps at recess not playing. Ethan asked him if he wanted to play & the little boy said no. Ethan went on to say that's okay. I will sit with you. He sat with him for 4-5 minutes. Such a sweet gesture. Ethan is a very kind friend. Ethan was a great leader in the Principal Store Team Meeting.**

**1st Grade - Case is a model student. During Small Group Rotation time, he was more than willing to help his friends. He was helpful to the teacher. He doesn't argue with the other students over silly things. He is a great role model to his friends. He shows them how to use their manners. I am so proud of Case!**

**2nd Grade - Eliana is a hard worker and always tries her best.**

**3rd Grade - Sherlyn is always lending a helping hand to other students. She helps tie shoes, helps others stay on track in class, and supports others with kind words.**

**4th Grade - Alyssa is always willing to help me with demonstrating and explaining any new games in my class. She is also willing to help and teach her classmates when they do not fully understand the activity. Alyssa has been helpful to me and other teachers in class and in the hallway. She is also a great big sister to her little brother and makes sure that he gets to breakfast every morning.**

**5th Grade - Nellie always exhibits exemplary behavior. Nellie is quick to give compliments to others.**

**6th Grade - Jaime has been a breath of fresh air this year. He's respectful, responsible, and kind. Every day, he cleans up my classroom, always helps students who need it, and does exactly what he's supposed to. I couldn't ask for a better example of a perfect student!**

**7th Grade - Owen has already exhibited a desire for learning, set an example as a leader for his entire class, and has impeccable manners. He is an asset to the classroom and La Monte High School. I do not have Owen in class, but he is always well polite and helpful in the hallways. He is one of the most respectful in my class and always participates. When he asks questions, he is genuinely interested. I notice if a peer around him might have questions that he will try to help before I can get there.**

**8th Grade - Hailey is enthusiastic, has a passion for learning, is kind to her peers, and is not afraid to ask the challenging questions. She is a hard worker and a joy to have in the classroom. Hailey meets all 5 of these criteria everyday, easily. She is always helpful to teachers and her peers, just today she passed out supplies to each table without anyone asking her to do so, and many students thanked her in return. She is hardworking in the classroom and on the volleyball court while also being a leader in both settings. If she sees someone struggling to grasp a new concept in class or a new drill on the court, she's willing to jump right in and offer her help. She's a joy to have in class and on our team! Hailey is just all around amazing and she's super fun!!**

**9th Grade - Sam, I'm so proud of him for joining JROTC. Sam has put in extra effort to complete assignments given. He has also gone so far as to ask for extra practice in math to help him improve his skills without being asked to do so.**

**10th Grade - Brett has been ready and willing to work in class. Brett has gone over and above in his responsibility with his assignments and his attitude toward school assignments. He is asking what we would like him to work on, and even asking for assistance when needed.**

**11th Grade - Mary is an amazing student! She is always ready to help and is just an all around great kid. Mary is an amazing student! She is always ready to help and is just an all around great kid.**

**12th Grade - Maria is a huge help to my classroom. She is always ready to work and is quick to help others if needed. Maria always goes above and beyond what is asked of her. She regularly helps her peers and her teachers. Maria is active in many school activities, shows pride in our school, and has a great attitude. She has all her math credits, but made a wise choice to be in algebra 2 for a better time in college. She is respectful in math class. She puts in more effort than any other individual in the class.**
